OPERATIONS & PROGRAM MANAGER

OPERATIONS MANAGEMENT | ACCOUNT MANAGEMENT | CUSTOMER SERVICE | AI

US Navy Veteran with 20+ years of experience in operations leadership and business development. Adept at managing cross-functional teams of up to 250 personnel, with a focus on small, agile team leadership, asset oversight ($250M+), and full lifecycle program execution. Thrives in managing workflows and client rapport. Proven record in account management and revenue growth (up to 178%) while cutting costs by over 30%. Used Lean Six Sigma, Microsoft tools, and Generative AI to cut task time by 80%, reduce multi-day processes, saving 15–20 man-hours monthly. Active Secret Clearance.

AREAS OF EXPERTISE

- Led 15 teams of 250 personnel on a $350M LOGCAP program with 1.2K assets across 12 Middle East bases.
- Assisted with a $250M program, leading 2 power plants (25MW), living camps, and a $35M O&M budget.
- Condensed 60 assets into 20 working, saving $12M in 2 weeks by giving alternative solutions, winning 2 contracts.
- Implemented innovative solutions to rehab a $4.5M facility, reducing equipment failures by 60% and costs by 30%.

CORE COMPETENCIES

Customer Relationship Management	Agile Project Management **(Certified)**	Continuous Improvement **(Certified)**
Teamwork/ Team Leadership	Account Management	Business Development
Generative AI **(Certified)**	Business Analysis	Customer Satisfaction
Communication	Analytical skills	Problem Solving

PROFESSIONAL EXPERIENCE

Director/ Founder | Remote **Sept 2022 – Present**

Director leading a lean, remote digital and operations transformation practice supporting manager-to-executive level leaders in the Defense Industry. Owned multiple concurrent programs, applying AI, automation, and process optimization to deliver measurable efficiency gains and outcomes within 90-day execution cycles.

- Led multiple digital and operations transformation programs, applying AI, automation, and process optimization to drive 40–70% efficiency gains within 90-day execution cycles.
- Directed small, agile, remote teams (5–7) to design and deploy scalable workflows and AI-enabled systems, reducing manual effort and accelerating delivery.
- Partnered with senior stakeholders (Director to Flag Officer level) to translate complex operational challenges into executable solutions delivering measurable ROI.

Alternate Site Manager (Acting Site Manager) | KBR – PSAB, Saudi Arabia **June 2024 – July 2025**

Directed a $11M project leading 77+ personnel across Engineering, construction, and four power plants. Leveraged AI, Power BI, and Microsoft tools to enhance decision-making. This drove higher client performance ratings (PAR).

- Delivered 20+ executive dashboards using leadership and teamwork in Power BI and AI, cutting reporting time from days to hours and enabling real-time, data-driven C-suite decisions.
- Streamlined business operations by applying Lean Six Sigma and AI technologies, reducing task completion time by 80%, cutting multi-day processes to under 2 hours, and saving 15–20 man-hours monthly.
- Maintained 97% customer satisfaction (PAR ratings) and zero power outages by leading operations management, supporting the contract rebid with monthly ROI-focused deliverables.

- Led improvements in business analysis through effective leadership, analytical skills, and communication, achieving above-benchmark ratings in 60% of performance objectives.

Senior Operations Manager (Remote) | Sun Spring Hospitality – Doha, Qatar **Sept 2022 – June 2024**

Led site operations across multiple divisions, completing feasibility studies, business planning, and SOP rollouts for new project concepts through business analysis leadership. Led a 12-person remote team while driving AI-powered reporting, Microsoft tool adoption, and account management efforts to improve budget efficiency and client satisfaction.

- Enhanced operational efficiency by launching a JIT (Just in time) inventory management system and automating procurement communications, minimizing excess stock, driving a 23% increase in revenue.
- Conducted performance reviews and managed contract documentation across departments while maintaining 98% system uptime through AI tech and analytical skills, supporting future business development.
- Delivered up to $120K in client savings by using Lean Six Sigma and business analysis to optimize procurement, streamline workflows, and boost efficiency by 45%, highlighting business-to-business (B2B) sales.

Facilities Manager | PAE – Doha, Qatar **Jan 2022 – Sept 2022**

Provided on-site PWS oversight on operations and site management for 25 facilities valued at up to $250M. Applied budgeting and project engineering across systems to maintain compliance, optimize operations, and support 1,000s of government personnel. Provided problem solving skills to provide new business development opportunities.

- Oversaw a $4.5M upgrade program, delivered under budget while improving business operations.
- Drove a 30% cost reduction and a 60% decrease in equipment failures by implementing operations management strategies, enhancing sales processes, and strengthening client satisfaction, positioning the contract for expansion.
- Managed budgets effectively through business analysis, reducing procurement expenses by 26% and enhancing the process improvement performance of General Services/Trades Departments.

Operations Manager | Fluor – Kabul, Afghanistan **July 2020 – May 2021**

Directed facility and construction operations by leading program management, delivering cost-effective solutions, enhancing site performance, and supporting follow-on contract development. Managed 1.2k assets, 15 teams of 250 staff on $350M in assets across 12 bases, attaining a letter of recommendation for problem solving skills.

- Transformed underperforming team leadership, reducing turnaround time by 30% and client deliverable errors by 37% through analytical skills and customer satisfaction reports.
- Decommissioned multiple sites by leveraging operations management skills for cost control and project presentations, supervising a diverse team of 200 personnel, resulting in contract management enhancements.
- Implemented Lean Six Sigma methodologies for continuous improvement, maintaining staff output at 80% during a 60% Covid impact, and significantly reducing turnaround times and errors.

Senior Project Manager (Remote) | Re Power, LLC – St. Louis, MO **Mar 2017 – May 2020**

Advanced business growth, by aligning $4.5M project plans with strategic objectives and stakeholder communication requirements for large-scale facilities. Improved infrastructure performance at a $30M+ site by enhancing program management, strengthening client satisfaction and follow-on contract potential.

- Drove a 25% increase in profits by consulting on property management best practices and developing SOPs, delivering scalable business growth.
- Reduced costs by 30 %+ by leading facility improvements through business planning and resource optimization.

Project Manager | Bobcat – St. Louis, MO **May 2015 – Mar 2017**

Outperformed 95% of staff and improved 12 shops' revenue by 30% through preventive maintenance using process improvements. Increased revenue by $9.1M, a 178% increase with continuous improvements from Lean Six Sigma, reaching a reduction of over 6000 wasted man-hours per year by redesigning the site SOPs, policies, and procedures.

Facilities Manager | ARTCO – St. Louis, MO **Sept 2013 – Feb 2015**

Led $200M+ facility projects, managing budgets, team communication, and procurement to boost delivery.

Assistant Site Manager | IAP – Afghanistan **Sept 2012 – Sept 2013**

Led 40 cross-cultural members on site management, budgeting, teamwork, and operations management of 2 power plants ($250M). Beat budget shortfall, condensing 60 non-working assets into 20 working, saving $12M in 2 weeks.

Project Manager (Remote) | Re Power, LLC – St. Louis, MO **Aug 2010 – Aug 2012**

Facilities Supervisor | US NAVY – Seattle, WA **Aug 2005 – Jan 2009**

EDUCATION / CERTIFICATIONS

Master of Business Administration; Univ. of Maryland Global. (In Progress)
Bachelor of Science in Business Administration; Lindenwood University, MO.
Engineering and power generators; Universal Technical Institute, AZ.

Facilities Certified (CFM) • Prof. Scrum Master (PSM I) • Lean Six Sigma • Generative AI Cert. • Prompt Engineering Cert.
